> Queen candidates who hope to wear the crown following the coronation at the West End Club recreation grounds tonight are Elizabeth Alvarez, Olivia Lopez, Rose Rodriguez and Betty Ann Alvar -

Tonight will mark the first visit to Hondo by Bishop Flores since his appointment by Pope Paul VI as Titular Bishop of Italica, an appointment that cuiminated a rise from the hearth of a migrant field worker to this high position in the Church.

Patrick Fernandez Flores, was born in 1929 in Ganado. Texas, the son of Patricio Flores and Trinidad Fernandez de Flores. He was the seventh of nine children of parents who were farmers and for ma-

ny years migrant workers. His early childhood saw him attend many schools and over one three-year period he was a high school dropout due to a financial crises in his family when his father was hospitalized for a long time. But he did graduate from high school and attended St. Mary's Seminary in Houston.

In 1956 he was ordained in St. Mary's Cathedral in Galveston. And over the years he enjoyed a series of assignments, until in March 1970 when the Pope appointed him as a Auxiliary Bishop in the San Antonio archdiocese. He was consecrated as Bishop on May 5, 1970 by the Most Reverend Archbishop Litigi Raimondi, Apostolic Delegate; the Most Reverend Archbishop Francis J. Furey; and the Most Reverend Bishop John J. Morkovsky.

The public is cordially invited to the Deiz y Seis celebration, the proceeds from which will go into the St. John's Church's new building fund.

Castroville says thank you

Dear Mr. Lawrence:

We, here in St. Louis Par- God bless you! ish, Castroville, sincerely believe we have enjoyed our biggest and best St. Louis Day Celebration ever this past August 22.

Verifying the success of the festival is the fact that people from eight foreign countries, as well as from 24 different states in the Union, were represented at this year's festival.

This success was due to a combination of different factors, mainly the untiring efforts and hard work of many, many persons.

We strongly feel that the personal help and advice we received from you and your staff plus the extensive coverage of the celebration events in your fine newspaper played a large role in our success story this year.

We can't thank you enough for all the assistance you have given us this year and in years gone by. Our hope is that we can continue to work together in the future.

Dear Sirs:

I have not been receiving my copy of the Anvil Herald for several weeks now. We have moved, but I have left a forwarding address and also let the paper know of my new address. Would appreciate it if you would look into the matter for me. I especially wanted to see if there were any pictures of the terrible floods we heard about. Col. Rule and I have property in Boerne, Texas and are wondering if it is still there!

Have an article to be printed in the paper if possible. My mother, Mildred Gilbert, of Hondo, spent a month with us, this summer. We spent much of our time camping and fishing, then Mother flew on to Tacoma, Wash, to spend the remainder of the summer with her parents, the William Welches.

Col. Rule and I have just returned from vacationing at Lake Tahoe, San Francisco, and Los Angeles, Calif. The trip ended with a flight home on the fabulous 747 Jet Airliner. Our two sons, George and Gary, remained in Colorado Springs and met us at the Denver Airport. The boys are both seniors this year, doing well and bagging groceries at the Academy Commissary. Col. Rule is an Associate Professor of English here at the Air Force Academy.

Thank you very much. Gloria Rule Qtrs. 5380, USAFA, Colorado

Nation's economic course to undergo heavy debate

The future course of our economy is still uncertain. I wish I could provide a more definite report, but the way is still unchartered.

The President last week formally presented to the Congress that part of his program which requires legislative action. He told us that the wage-price freeze, proclaimed August 15, would not be renewed at the end of its 90day period, but that new stabilization plans would be in effect thereafter. When these are determined, we'll be better able to answer the general question: what happens after

the 90 days? The President asked prompt CONCERN congressional action on three OVER BENEFITS al of the 7% excise tax on automobiles. Second is, in his terms, a job development credit which we have known in the past as an investment tax chases of industrial machinery. Third is advancing the date of a new income tax exemption schedule to provide cuts of \$50 per person effective next

FAVORABLE

ACTION FORESEEN At present, it appears the President will get congressional approval of his goals if not his methods. There is some feeling in the Congress that the income tax changes might better be made by eliminating the tax on the first \$1,000 of income, and we shall be examining whether it will be

wise to delay increases in the Social Security tax.

The President also announced he was beginning a series of meetings on economic planning, seeing in order the representatives of labor, business, agriculture and the Congress. While I think such consultations are wise, I am concerned about the opinions of the average citizen. Our congressional spokesman will have to carry that responsibility.

The planners have to consider the problems of the small businessman and his employees, the individual teacher or farmer or pensioner, all the rank and file of our citizens.

Let me cite an example. When the President proposed ending the 7% excise tax on new automobiles, he said nothing about the 10% tax on trucks. I am well aware that credit meant to encourage pur- in our district, the only vehicle in many families is a pick up truck. I have called this matter to the attention of John Connally, Secretary of the Treasury, and of members of the House Ways and Means Committee. I hope consideration can be given to the prob-

> The President and the Congress have not yet given much attention to the new import levies proclaimed by the President, nor to the proposed tax relief for corporations that form subsidiaries to sell their products overseas.

We shall watch closely for

the developments ahead, with awareness that every citizen should be treated fairly in the effort to check inflation and reduce unemployment.

REFORM PENDING

In his speech to the Congress, the President suggested delays in welfare reform and revenue sharing. I agree with his statement that any work is preferable to welfare, that the able-bodied man has obligations to himself, his family and community that should not allow willful idleness. I continue to believe, however, that there may be a need for public works programs which provide jobs and develop services that our com nunities and rural areas cannot now af-

The President also said he had ordered cuts in federal spending totalling \$4.7 billion. He has also directed that federal payrolls be cut5%. Attrition, or making no appointments to replace those who retire or resign, will probably produce that reduction, so that layoffs will not be ordered.

It is simple arithmetic that if the government cuts taxes, it will have less revenue to spend on public projects. Many of the federal costs are fixed; examples are interest on the national debt, social security and veterans' obligations, or long-range government contracts. I foresee some federal belt-tightening, and we in the Congress may have some battles over which programs shall operate with less money.

If our nation can check the rising cost of living, create new jobs to combat unemployment, and wind down our commitment in Vietnam, all of us will benefit.

ted an act that could cost you up to \$200 in fines?" But I didn't have the courage.

Of course she could also be fined for parking in a "no-parking" area at the Post Office, but that is another story for if the Police stood there all day and gave tickets to local people who park the wrong way, park on the yellow curbs, etc. they would soon run out of tickets.

But, leaving the car running can now cost. The new state law says a driver is liable for fines from \$1-2000 for leaving a key in a car or going and leaving it running and unattended.

Are you in the habit of leaving your key in your car, or leaving it running to "just dart inside for a minute?" If so, perhaps you had better take a look at the new law. That habit could cost you money!

IMPORTANT MEETING

Don't forget the important meeting slated for 7:30 p.m. Tuesday, Sept. 21, in the Hondo Municipal Building. Those in atterdance might just learn something about how the city can be helped in many areas -- or how it can help itself in these areas.

Then here recently they had a change in the San Antonio office. The new Postal Service supervisor came to town and things began popping.

It seems that at a June Texas Press Association meeting I had complained to a Postal Service speaker that Pony Express could make a round-trip faster than our papers were getting to San Antonio sub-

So when the new man came to town, he had that comment filed away and wanted to take a look. While he was taking a look, so were we, through letters to some 32 subscribers. We asked them to tell us when they received a certain issue of the Anvil Herald.

And put a mark on the wall for the Postal Service!

Out of the 26 who replied, 23 received the Herald on Friday and only three were as late as Saturday. Some of the comments proved interesting:

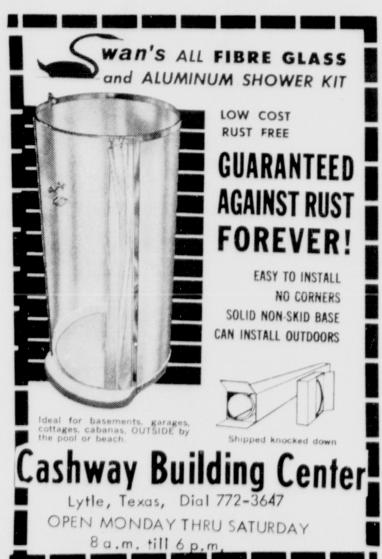

"I generally receive it in noon mail (2nd delivery), but received today in the morning mail." "I have been receiving the Hondo Anvil Herald each Friday. There was no delay on this one."

"We always receive it on Friday or Saturday." "Dear Sir: we received the paper on the 23rd (Friday). But in the past lots of times we received on Saturday or even Monday, but lately we have received it either Friday or Saturday." "Friday -- for the first time in months. Thanks for getting it to us sooner."

"Received the paper on Friday. Like it better than on Saturday, the way it used to come." "Received your paper on Friday. That's good mail service if you can keep them on the beam." "Was received on Friday, very seldom is it a day late."

So, there you have it. We add our thanks to the Postal Service for improving their service. We can honestly say we have never experienced any delaying difficulties with the Hondo Post Office, and now it looks like San Antonio might come up to local standards. We hope it continues. If not, San Antonio subscribers, please let us know.

Former resident chaperones visit

A former Hondo High School graduate enjoyed an enviable summer this year by jetting to Europe with a group of students to attend classes at a campus in Austria.

Ronald R. Proctor, a 1961 graduate of HHS, teaches English at Dickinson High School. He holds a B. S. degree in education and a Masters of education from Southwest Texas State University.

This past summer he was appointed by the American Institute for Foreign Study to chaperone a group of high school students on a six-week European study tour. They attended the University of Innsbruck in Ginzling for three weeks, followed by a twoweek study cruise on the Mediterranean. Professors accompanied the students on the cruise and visits were made to Izmir, Athens, Naples, Alicante and Vigo. London and Paris also were included on their itinerary.

Proctor served as combination guardian, advisor and friend to the students, helping them make the necessary adjustment to European life.

Proctor is the son of Mrs. Bonita Proctor of San Antonio and grandson of Mrs. Maybelle Speece of San Antonio.

Wedding vows said

Miss Elaine Marie Santleben and Steven Gustaaf Persyn were married Saturday, Aug. 14, 1971 at St. Louis Catholic Church, Castroville, with Father Larry Steubben officiating at the double ring ceremony.

Parents of the couple are Mr. and Mrs. Alvin Santleben, LaCoste, and Mr. and Mrs. George F. Persyn, Rio Medina.

Given in marriage by her father, the bride was radiant in a floor-length gown of white embroidered tulle over satin. Pearl-beaded lace trim accented the stand up collar and puffed sleeve edges. Beaded lace appliques enhanced the bodice and were repeated on the detachable tulle train, which fastened at the bodice. A bouffant silk illusion veil was held by a beaded headpiece. The bride carried a bouquet of white spider mums and yellow roses with baby's breath. She also carried a handkerchief belonging to her greatgrandmother.

Mrs. Michael Jagge was her sister's matron of honor.

Bridesmaids were Mrs. Michael Weiblen, Miss Barbara Reicherzer and Miss Deborah Persyn. Junior brides maid was Suzanne Persyn. Donna Hester and Georgina Persyn were flower girls.

All wore gowns of gold and yellow floral design sheer over yellow taffeta and short white gloves. They carried nosegays of spider mums and baby's breath.

John Persyn served his brother as best man. Groomsmen included Carl Santleben, Ralph Rosales and Kyle Patton. Ushers were Al Santleben, Jr. and Skipper Albach.

Mrs. Eugene Persyn was in charge of the bride's book at the reception held at Koenig Park Hall, Castroville. Servers were Misses Phyllis and Deborah Santleben, Jeanette Persyn and Sandra Muckle-

Coral snake deadly

Coral snakes are not extremely uncommon, but they don't show up too often. So it behooves anyone who sees one of these splendored colored reptiles to steer clear of him or kill him, as Henry Nietenhoefer did on his place. It measured about 26 inches.

Look at Fern

Yep, this is Hurricane Fern as of 12:19 p.m. on Friday, Sept. 10. The camera caught her on the radar screen at the Hondo Weather Radar Station and shows the "eye of the storm" in the southeast segment as it stood over Matagorda Island. The outer circle on this shot is 250 miles and it shows some good thunderheads in the vicinity of Hondo. We are printing this through the courtesy of William Hare, supervisor at the Station.

Assault to murder charges filed on Victor Ybarra Jr.

Two charges of assault to murder have been filed against Victor Ybarra, Jr., 20, of Castroville in connection with a real "shoot-out" which occurred Sunday in Castro-

Ybarra and Constable Joe Hoog, 57, were both woundinjured when their car slammed in an exchange of gunfire climaxing an alleged wild shooting spree by Ybarra which resulted in minor injuries to two other persons in an automobile accident.

Ybarra was wounded once in the chest and twice in the right arm and was rushed to a San Antonio hospital where he remains according to the Sheriff's office.

Hoog suffered a flesh wound in the right side and is in good condition.

Sheriff Charles J. Hitzfelder and Castroville City Marshall Frank Hayes said Hoog was on his way to a reported shooting near Youngs Crossing in South Castroville about 6 p. m. when the constable spotted Ybarra whose car had slid into a ditch.

As the constable approached Ybarra the two had an exchange of words, according to the report.

It was then that Ybarra is reported to have pulled a 22 caliber rifle from his car and triggered the first shot at Hoog just as LaCoste Constable Alvin Santleben arrived. He was re-loading the single shot rifle when the officers opened fire, but managed to get off one more shot before he fell wounded.

DON'T FORGET

Attend the Tuesday night meeting at City Hall. It concerns you and your town.

The report continued that just prior to the shooting, a man fitting Ybarra's description had fired several shots at Timmy Cuellar and Jue Cuellar, Jr., both of Castroville, during a chase along the Lower LaCoste Road. Both were

Timmy Cuellar was treat-

ed for cuts and bruises and Joe Cuellar, Jr. was taken to San Antonio with a broken

Hayes reported that earlier Sunday he had been called about a disturbance between Ybarra and the Cuellars. Sheriff Hitzfelder said there had been trouble between the men for about two years.

NORTH HONDO

An eventful year is a usual happening with the North Hondo 4-H Club. The new officers, consisting of co-chairmen Pam Helvey and Jimmy Mumme, Council delegates Robin Saathoff and Greg Saathoff, Secretary Renie Gilliam, Treasurer Sam Sandusky, Reporter Kobey Sandusky, and Parliamentarian Dana Turner met with their adult sponsors, Mrs. Albert Saathoff and Mrs. Floyd Saathoff and planned the club yearbook.

Our county agents lent their helping hands in preparing programs for the monthly meetings. Projects of all kinds are available in our 4-H Club, such as clothing construction, cooking, horsemanship, horticulture, stock show animal feeding, etc.

We are always happy to have new members and any boy or girl over 9 years of age, who lives north of 18th St. may come to our first meeting on Sept. 20 at 7:30 p. m. at the Methodist Hall. Mr. Williamson, our police chief, is our first speaker and will have very interesting new information for us concerning bicycle and motorcycle traf-

fic rules. Parents are especially welcome at our meetings, as an interested parent makes for an active and happy 4-Her. See you on Sept. 20.

--Kobey Sandusky --Reporter

D'HANIS

The D'Hanis 4-H Club will meet Monday, Sept. 20, at the D'Hanis High School at 4 p. m.

The program will be conducted by Charles Hood on "God and The Flag". A film on Citizenship will also be shown. Mrs. Dan Herrmann and Arlene Herrmann will give a talk on Flat Etiquette.

Special guest will be Mrs. Barbara Fowler, local Home Demonstration Agent. Laura Nester will plan the games to take place after the meeting. Refreshments will be served by the Hood and Santleben

We'll build for you...FINANCE IT too!

Your property does not have to be in a development . . or near a city . . . or even on a paved road for you to take advantage of Jim Walter's offer to build and finance your new home. We are accustomed to building out in the country or in secluded areas

But just because we are, doesn't mean this is the only place we build. If you own property in the city, call us. We'll build and finance almost anywhere your property is located. And remember, building a permanent home is one of the safest investments you can make. Instead of losing value, as almost anything else you buy will do, a new home is most likely to GAIN value. It's TODAY'S BEST INVESTMENT.

OVER 20 MODELS MONEY SAVING OPTIONS

Select from over 20 models. Their price is LOW. But because you pay less doesn't mean you get less. Homes by Jim Walter are quality built and feature long lasting, heavy duty roofing, all aluminum windows, and hardboard "wood made better" siding. With these materials, repainting, decorating and general upkeep is reduced to an absolute minimum.

AND TO SAVE YOU MORE MONEY, you can finish part of the inside yourself. Jim Walter will completely finish the outside. Then you decide how much of the inside you can finish yourself to save money. Do as much as you want. The more you do, the more money you'll save. And even the materials you'll use can be financed as part of your mortgage.

We would like to give you complete details and the cost of building on your property. We want you to know what your monthly mortgage payment would be. There is no cost and no obligation. Either call or stop by Jim Walter's nearest location. Or fill in the coupon and mail. We'll see that you receive our free catalog right away.

Owls stomp 'Cats 27-0 in the rain

Taking advantage of the greatest "give away" program in football the Hondo Owls opened the 1971 season Friday night by white-washing the Del Rio Wildcats 27-0 before a cheering, rain - drenched hometown crowd.

Rain must have been a big help in the Wildcats losing the ball eight times on fumbles and twice on pass interceptions. And on some of these times the Owls took advantage of the "gifts" and pushed across touchdowns.

Hondo scored twice in the first period and once in the second to lead 21-0 at halftime. Then they came back in the third frame and pushed for a 27-0 victory.

Coyotes will be out for revenge

All the Coyotes in Uvalde, both those in football suits and those in the stands as fans, will be breathing the fire of revenge Friday night when the Hondo Owls fly into the Honey Bowl.

Last year the Owls edged past a determined Uvalde eleven in the waning seconds of the game and no self-respecting Coyote or Coyote fan is going to forget that treatment from an upstart Double A flock of Owls. In fact, due to a pass interference penalty against the Coyotes on the last play of the game, gave the Owls another chance to score and they did, winning

Both teams won their season openers Friday night in the rain. Hondo accepted fumbles and intercepted passes to defeat Del Rio 27-0 while Uvalde fought off a stubborn Pearsall Maverick team to win in the rain 20-6.

The Coyotes operate off the wishbone and work it well. The "make it go" men are

Quarterback Richard Collier and fullback Mike Paradeaux. Against Pearsall, Paradeaux rushed 89 yards on 20 carries. while Collier was picking up 80 yards on 15 runs.

Both these players were reported Sunday to have slight groin pulls, but are expected to see full action against the

Owls Friday night. Collier likes to pass as well as keeping the ball off the belly series, although he only hit for 13 yards against the Mavericks. But did manage to get the ground machine cranked up in the mad to the tune of 221 yards.

Others in the Coyote lineup include Tightend Randy Gerdes, Steve Stoy, Steve Rambie and B. Chapman. Stoy gained 39 yards on eight carries, while Rambie picked up seven yards on his one run.

The Coyote defense came in for some fine praise from the Uvalde coach. "Our defense did a great job holding Pearsall to only 45 yards on

Just for openers. Cotton 'Cats took it on the whiskers from Michigan last week, and will be down just a bit for their struggle with the Irish. here will be 35 points, the Ti-Notre: Dame will Beat Northwestern by 17 points.

The Oklahoma Sooners are gradually returning to the ranks of the nation's powerhouses - they finished in 22nd position last fall, and they may burst into full bloom this fall. Co-favored with Nebraska for the Big Eight crown, the Sooners meet Southern Methodist in their opener. If the script is followed, Oklahoma will whip the Mustangs by 17 points.

Penn State, after a disappointing 7 and 3 season last fall, has high hopes of returning to greatness. Navy is first on the list for the Nittanies, and the Middies should be outclassed by 21 points.

High-scoring Arizona State, champion of the Western Conference and of the Peach Bowl last year, starts out against another high scorer, the Houston Cougars. older child, the non-Anglo child, the handicapped, a brother or sister set, or the child with behavior problems. Recent placements between Texas Department of Public Welfare Adoption Unit in the greater San Antonio area:

(1) A 7 years old, Mexican-American child, deaf in one ear, borderline LQ., behavior problems at school and home. Adopted by a couple with four children of their own between 4 and 12 years old. Responding well to a loving structure environment where she is secure.

(2) Two Mexican-American brothers, ages 5 and 6, with a history of severe neglect. Adopted by an out-ofstate Anglo family which has one pre-teen and two teenaged children of their own. In the short time with this family the boys have vastly improved in verbal and mental abilities as well as physical coordination and social adeptness.

(3) A one-year old Anglo boy with cystic fibrosis, sleeps in a mist tent, needs treatments three times daily to remove mucus in lungs, susceptible to respiratory infection. prognosis of shorten life-span. Adopted by a young childless couple who have had great joy in sharing their lives with him

We are still hoping somewhere, someday a family will step forward and offer to give four-years old Jose a permanent home. He is retarded and requires close supervision and help, but we're telling his story to all we meet in the belief that there's someone who cares.
